ABOUT ME

I'm a recent IT graduate with a solid foundation in computer science, programming, cybersecurity, networking, and emerging technologies. Throughout my academic journey, I gained hands-on experience with languages such as PHP, HTML, CSS, and SQL, and developed skills in software development, troubleshooting, and database management. I'm particularly passionate about cybersecurity, networking, and artificial intelligence, and I actively keep up with the latest tech trends. I enjoy collaborative environments and have honed my communication, time management, and problem-solving abilities through team projects and internships.
